Quarantine measures for travellers arriving from overseas during the pandemic of COVID-19

Due to the current COVID-19 situation in Sri Lanka and globally, following quarantine measures are imposed for travellers arriving in Sri Lanka.

Following letters issued by the Director General of Health Services (DGHS) are hereby cancelled.

1. Letter No. DGHS/COVID-19/347/2021, dated 25.10.2021 on Quarantine measures for travellers arriving from overseas during the pandemic of COVID-19
2. Letter No. DGHS/COVID-19/347/2021, dated 01.11.2021 on Children of 12 years to 18 years arriving from overseas after obtaining Pfizer Vaccine
3. Letter No. DGHS/COVID-19/347/2021, dated 10.12.2021 on Removal of pre departure COVID-19 testing of children below 12 years

A Entering into the country

Foreign National passport holders who do not have a valid visa, have to obtain a landing permit / visa from the Department of Immigration & Emigration prior to their departure.

All Foreign National passport holders must have a travel insurance for at least USD 50,000 including cover for hospitalized treatment for COVID-19 infection. The period of stay in Sri Lanka and additional 14 days should be covered by the insurance.

No.	Category	Place of quarantine
A.1	• Sri Lankan Citizens • Sri Lankan Seafarers arriving via airports • Dual Citizens	If required to Quarantine, can undergo home quarantine (if facilities are available at home) or Institutional Quarantine. If need Institutional Quarantine, can request a Quarantine Hotel / Government Quarantine Centre after arriving in Sri Lanka at the arriving airport or book a Safe and Secure Certified Level 1 hotel as mentioned in **Section A.3.**
A.2	• Valid resident visa holders	If required to Quarantine, can undergo home quarantine (if facilities are available at home) or Institutional Quarantine. If need

		Institutional Quarantine, can request a Government managed Quarantine Hotel or Safe & Secure Certified Level 1 hotel as mentioned in **Section A.3.**
A.3	• Tourists • Foreign Nationals • Dual Citizens • Sri Lankan nationals	If required to Quarantine at a Safe & Secure Certified Level 1 hotel, should obtain Electronic Travel Authorization (ETA) using the protocol stipulated in following Sri Lanka Tourism website, **https://www.srilanka.travel/helloagain/.** They have to abide by operational guidelines of Sri Lanka Tourism in addition provisions of this letter and other Health Ministry protocols on COVID-19 preventive measures.
A.4	• Foreign Nationals	If need to Quarantine, can request a Government managed Quarantine Hotel after arriving in Sri Lanka at the arriving airport or book a Safe and Secure Certified Level 1 hotel as mentioned in **Section A.3.**

B Approval to Quarantine at a Residence for Foreign national staff members of the diplomatic missions or UN organizations / UN Specialized agencies / International Organizations with permanent offices in Sri Lanka (mentioned in Annex 01) who are holding Diplomatic / UN / Official passports

B.1	Foreign National Staff members and their **accompanying** spouse, parents and children are allowed to undergo mandatory Quarantine at a Quarantine Hotel / Safe & Secure Certified Level 1 Hotel / Quarantine at an area Medical Officer of Health (MOH) approved residence.
B.2	If Foreign National staff members of Diplomatic Missions or Foreign National staff members of organizations/agencies are undergoing mandatory quarantine at a residence, respective Diplomatic Mission / Organization /Agency with permanent offices in Sri Lanka should take prior approval in writing from area Medical Officer of Health mentioning that the residence is suitable for mandatory quarantine.
B.3	Details of the Foreign National Staff members and their accompanying spouse, parents and children undergoing mandatory quarantine at approved residences should be informed to area MOH on Day 1 of arrival, as they have to quarantine under the supervision of area Medical Officer of Health.

C Pre departure negative COVID-19 test (PCR or Rapid Antigen Test) report

C.1	Travellers of **twelve years and above** arriving in Sri Lanka should mandatorily carry a negative **COVID-19 PCR test report** in English language done **within 72 hours prior to embarkation OR Rapid Antigen Test report (self-swabs are disallowed) done within 48 hours prior to embarkation.**

D COVID-19 Vaccination Certificate/Card

D.1	Travellers who have received the recommended doses of COVID-19 vaccine should carry the original vaccination certificate / card (together with a certified copy of English language translation if the certificate/card is not in English or if relevant data are not indicated in English in a non - English certificate / card) or verifiable evidence of vaccination.

E "Fully Vaccinated Travellers"

E.1	As different countries have different phases of vaccination, for the inbound travellers, if the **recommended doses of the COVID-19 vaccination are completed** and **departs from abroad two weeks after completion of vaccination**, they will be considered as "**Fully Vaccinated Travellers**".
E.2	Children of twelve years to eighteen years, if depart two weeks after obtaining at least a single dose of **Pfizer Vaccine**, will be considered as Fully Vaccinated.

E.3	Travellers who have taken at least a single dose of vaccine and after vaccination, had COVID-19 infection OR travellers who had COVID-19 infection and after the infection taken at least a single dose of vaccine will be treated similar to "**Fully Vaccinated Travellers**". They should carry a diagnosis card or verifiable evidence or previously positive **COVID-19 test report** (PCR report or Rapid Antigen Test report) as a proof of past history of illness (in English).
E.4	As there are positive cases reported among fully vaccinated persons in Sri Lanka and in other countries, it is important to minimize the spread of COVID-19 or its variants entering in to the country. Therefore, all travellers including fully vaccinated travellers should not relax the preventive measures and **should abide by the COVID-19 preventive measures imposed by the Government of Sri Lanka.**

F Filling of Health Declaration Form

F.1	Each traveller should fill the **online Health Declaration Form (HDF) before boarding.** Weblink is as follows: https://airport.lk/health_declaration/index Travellers should carry a printout of QR code generated after filling the online Health Declaration Form or produce the QR Code in mobile phone to the staff of the arriving airport if requested. Separate Health Declaration Forms should be filled online for each of accompanying children if any.

G Procedures to follow at the arriving airport in Sri Lanka

G.1	Travellers who have completed the recommended doses of the COVID-19 vaccination and departs from abroad **after two weeks of completion of vaccination**, should produce the vaccination certificate / card / verifiable evidence (in English) to Airport Health Officer at arriving airport if requested.
G.2	After completion of formalities at the airport, travellers who are allowed to be quarantined at home should find their own transport to travel to their homes and should not use public transport. Other travellers who need to quarantine will be transferred to a Quarantine Centre / Quarantine Hotel managed by the Government of Sri Lanka or to a Safe & Secure Certified Level 1 Hotel. Transport shall be provided by the government authorities or the Hotel Management on a pre-determined manner. Respective Diplomatic Mission / Organization / Agency with permanent offices in Sri Lanka should arrange their own transport (adhering to preventive measures imposed by Government of Sri Lanka) to transport Foreign National staff members, if undergoing quarantine at an area Medical Officer of Health approved residence.

H. Procedures to be followed after released from the arriving airport

No	Category	Procedure
H.1	Fully vaccinated travellers	• Fully vaccinated travellers who have completed 14 days after recommended doses of vaccination and arriving with a **negative COVID-19 PCR Report done within 72 hours of embarkation OR negative COVID-19 Rapid Antigen Test report done within 48 hours prior to embarkation** (as mentioned in **Section C**) will be released from airport and do not need to do Day 1 PCR test or undergo quarantine after arriving in Sri Lanka. • If develop COVID-19 like symptoms, they should conduct a COVID-19 test (PCR or Rapid Antigen Test) from a Ministry of Health approved laboratory and produce the report to area Medical Officer of Health.

H.2	Unvaccinated children below 18 years old of fully vaccinated parents	• Children below 12 years do not need to do COVID-19 testing after arriving in Sri Lanka
		• Unvaccinated children below 12 years of fully vaccinated parents who are **Sri Lankan citizens / Dual citizens / Resident visa holders** should be allowed to travel home with parents. • Unvaccinated children of 12 -18 years of fully vaccinated parents need to undergo Day 1 PCR testing at a Ministry of Health approved laboratory at Katunayake or at a Government Quarantine Centre (for Sri Lankans and Dual Citizens) / Quarantine Hotel / Safe & Secure Certified Level 1 Hotel. • **If the Day 1 COVID-19 PCR test report is negative (or if positive with a CT Value >30)**, they can be released from Quarantine and should be allowed to go home with fully vaccinated parents. They will not be further quarantined.
		• Unvaccinated children below 12 years of fully vaccinated parents who are **Tourists / Foreign Nationals** should be allowed to travel with fully vaccinated parents. • Unvaccinated children of 12 -18 years of fully vaccinated parents who are Tourists / Foreign nationals need to undergo Day 1 PCR testing at a Ministry of Health approved laboratory at Katunayake / Quarantine Hotel / Safe & Secure Certified Level 1 Hotel. • **If the Day 1 COVID-19 PCR report is negative (or if positive with a CT value > 30)**, they can be released from Quarantine and should be allowed to go home / hotel with fully vaccinated parents. They will not be further quarantined.
H.3	Quarantine measures for travelers who have NOT received COVID-19 vaccination / not completed the recommended doses of vaccination	• **Sri Lankan Citizens / Dual Citizens / Resident Visa Holders** should undergo Day 1 PCR testing at a Ministry of Health approved laboratory at Katunayake or at a Government Quarantine Centre (for Sri Lankans and Dual Citizens) / Quarantine Hotel / Safe & Secure Certified Level 1 Hotel. • **If the Day 1 COVID-19 PCR report is negative (or if positive with a CT value > 30)**, can undergo **home quarantine** until the **Day 7** Exit PCR test or Exit Rapid Antigen Test negative report is available. • Ministry of Health approved laboratory at Katunayake / Quarantine Hotel / Safe & Secure Certified Level 1 Hotel should inform the details of the discharged traveller to area Medical Officer of Health. • After going home, traveller should inform about their arrival to area Medical Officer of Health (MOH). • Should perform an Exit PCR test/ Rapid Antigen Test on Day 7 from a Ministry of Health approved laboratory and can be released from quarantine after completion of 7 Days by producing the negative Exit test result to the area Medical Officer of Health.
		• **Tourists / Foreign Nationals** should undergo quarantine at a Safe & Secure Certified Level 1 Hotel / Quarantine Hotel until the Day 7 Exit PCR test or Exit Rapid Antigen Test report is available. • Should perform COVID-19 PCR tests on Day 1 and Exit COVID-19 PCR test/ Rapid Antigen Test on Day 7 and can be released from quarantine after completion of 7 Days by producing the negative Exit PCR/Rapid Antigen test results.
		• Unvaccinated **Sri Lankan Citizens / Dual Citizens / Resident Visa Holders who do not have facilities to quarantine at home**, can undergo quarantine at a Government Quarantine Centre (for Sri Lankans and Dual Citizens) / Quarantine Hotel / Safe & Secure Certified Level 1 Hotel until the Day 7 Exit PCR test or Exit Rapid Antigen Test report is available.

H.4	Unvaccinated children below 18 years old of parents who are unvaccinated / not completed the recommended doses of vaccination	• Children below 12 years do not need to do COVID-19 testing after arriving in Sri Lanka.
		• Unvaccinated children below 18 years of unvaccinated parents who are **Sri Lankan citizens/ Dual citizens / Resident visa holders** should be allowed to travel home and undergo **home quarantine** for 7 days with parents if parents are undergoing home quarantine. • Unvaccinated 12-18 years children of Sri Lankan Citizens / Dual Citizens / Resident Visa Holders should undergo Day 1 PCR testing at a Ministry of Health approved laboratory at Katunayake or at a Government Quarantine Centre (for Sri Lankans and Dual Citizens) / Quarantine Hotel / Safe & Secure Certified Level 1 Hotel. With a negative test result, can travel home with parents to undergo home quarantine for 7 days. • Should perform Exit COVID-19 PCR test/ Rapid Antigen Test on Day 7 and can be released from quarantine by producing the negative Exit PCR/ Rapid Antigen Test result to the area Medical Officer of Health.
		• Unvaccinated 12 -18 years children of **Tourists/ Foreign Nationals** should perform Day 1 PCR and undergo 7-day quarantine at a Safe & Secure Certified Level 1 Hotel /Quarantine Hotel. Should perform Exit COVID-19 PCR test / Rapid Antigen Test on Day 7 and can be released from quarantine on Day 7 with a negative test result.
H.5	Travellers who have departed from abroad within **less than** two weeks of completion of recommended doses of vaccination and their unvaccinated children below 18 years	• Children below 12 years do not need to do COVID-19 testing after arriving in Sri Lanka.
		• **Sri Lankan Citizens / Dual Citizens /Resident visa holders** should perform Day 1 PCR at a Ministry of Health approved laboratory at Katunayake or at a Government Quarantine Centre (for Sri Lankan citizens/ Dual citizens) / Quarantine Hotel / Safe & Secure Certified Level 1 Hotel and with a negative PCR report can be allowed to undergo home quarantine until completion of 14 days of post vaccination or 7 days after arrival whichever comes first. • Unvaccinated children up to 18 years can be released with parents for home quarantine and unvaccinated children of 12- 18 years should do a Day 1 PCR. With negative results, can be allowed to undergo home quarantine with parents. • Parents and unvaccinated children of 12-18 years have to do an Exit COVID-19 PCR test/ Rapid Antigen Test (on the date of completing 14 days post vaccination of parents or 7 days after arrival whichever comes first) and release from quarantine by producing the negative test result to the area Medical Officer of Health.
		• **Tourists/ Foreign Nationals** should do Day 1 PCR and undergo quarantine at a Quarantine Hotel / Safe & Secure Certified Level 1 Hotel until completion of 14 days post vaccination period or 7 days after arrival whichever comes first. • Parents and unvaccinated children of 12-18 years have to do an Exit COVID-19 PCR test / Rapid Antigen Test (on the date of completing 14 days post vaccination of parents or 7 days after arrival which comes first) and release from quarantine with the negative test results.
		• **Sri Lankan citizens/ Dual citizens/ Resident visa holders who do not have facilities to quarantine at home**, can undergo quarantine at a Government Quarantine Centre (for Sri Lankan citizens / Dual citizens) /Quarantine Hotel / Safe & Secure Certified Level 1 Hotel until completion of 14 days post vaccination period or 7 days after arrival whichever comes first. • Parents and unvaccinated children of 12-18 years have to do an Exit COVID-19 PCR test / Rapid Antigen Test (on the date of completing 14

		days post vaccination of parents or 7 days after arrival whichever comes first) and release from quarantine with the negative test results.
H.6	Travellers with a history of COVID-19 within **past six months** and if arriving only with a single dose of vaccine taken and their unvaccinated children below 18 years	• Need to verify with relevant documents, vaccination records, pre departure PCR reports at the airport. • If completed 14 days after vaccination and with negative PCR Report done within 72 hours of embarkation / negative COVID-19 Rapid Antigen Test report done within 48 hours prior to embarkation (as mentioned in **Section C**), will be released from airport and do not need to do Day 1 PCR test or undergo quarantine after arriving in Sri Lanka.
		• If not fully vaccinated, should arrive after obtaining a single dose of Astra Zeneca / Pfizer BioNTech / Moderna vaccine or any other single dose COVID-19 vaccine recommended to fully vaccinate the general population (eg. Johnson & Johnson, Sputnik Light etc) at the country of origin.
		• If not completed 14 days post vaccination period, should undergo quarantine as stipulated in **Section H.5**.
		• Unvaccinated children up to 18 years can be released with parents for home quarantine as stipulated in **Section H.2**.

I Seafarers or Sea marshals (Maritime Security Officers) arriving in Sri Lanka

No	Category	Procedures to arrive and measures to be taken after arrival
I.1	**Foreign National Seafarers or Sea marshals** who are **NOT** Fully vaccinated arriving in Sri Lanka via **airport/seaports**	• They may be arriving into the country via airports/ seaports to board a ship or to travel to another country via airport. If not received COVID-19 vaccination / not completed the recommended doses of vaccination / arrive in less than 14 days of recommended doses of vaccination, they should be quarantined in an Isolation Centre (used to quarantine seafarers / sea marshals) until completion of 7 Days. • If arriving via airports, they have to arrive with predeparture COVID-19 test reports as **stipulated in Section C** of this guideline. • **Seafarers or Sea marshals** arriving via airports and seaports should undergo Day 1 PCR test. • They can be released from quarantine by conducting Exit COVID-19 PCR test/ Rapid Antigen Test on Day 7 and producing the negative PCR/ Rapid Antigen Test result. • Seafarers/Sea marshals can be released from the isolation center to directly travel to the airport/seaport to board a ship or to travel to another country via airport during the period of quarantine.
I.2	**Sri Lankan Seafarers / Sea marshals** who are **NOT** Fully vaccinated arriving via **airports/seaports**	• If not received COVID-19 vaccination / not completed the recommended doses of vaccination / less than 14 days of recommended doses of vaccination, should perform Day 1 PCR at a Ministry of Health approved laboratory at Katunayake or at a Government Quarantine Centre / Quarantine Hotel / Safe & Secure Certified Level 1 Hotel/ Isolation Centre (Isolation Centre if arriving via seaport). • If COVID-19 pre boarding PCR is exempted for **Sri Lankan Seafarers / sea marshals who embark to the flight directly from the vessel** as per the instructions of the letter of DGHS, No. DQ/06/2020, Dated 2021/03/08, should perform Day 1 PCR at a Ministry of Health approved laboratory at Katunayake or at a Government Quarantine Centre /Quarantine Hotel/ Safe & Secure Certified Level 1 Hotel. • **If the Day 1 PCR report is negative (or if positive with a CT value > 30), can undergo home quarantine,** if facilities are available at home.

		• Should perform Exit COVID-19 PCR test / Rapid Antigen Test on Day 7 and can be released from quarantine on Day 7 by producing the negative test result to the area Medical Officer of Health.
I.3	Fully vaccinated Sri Lankan / Foreign National Seafarers / Sea marshals arriving via **airports**	• Fully vaccinated seafarers/ sea marshals who have completed 14 days after recommended doses of vaccination and arriving with a negative COVID-19 PCR report done within 72 hours of embarkation / negative COVID-19 Rapid Antigen Test report done within 48 hours prior to embarkation (as mentioned in **Section C**) will be released and do not need to undergo quarantine after arriving in Sri Lanka. • If COVID-19 pre boarding PCR is exempted for **Sri Lankan Seafarers / sea marshals who embark to the flight directly from the vessel**, as per the instructions of the letter of DGHS, No. DQ/06/2020, Dated 2021/03/08, should perform Day 1 PCR at a Ministry of Health approved laboratory at Katunayake or at a Government Quarantine Centre /Quarantine Hotel/ Safe & Secure Certified Level 1 Hotel. They can be **released with a negative PCR report (or if positive with a CT value > 30)**, and do not need to undergo quarantine. • If develop COVID-19 like symptoms, should conduct a PCR test from a Ministry of Health approved laboratory and produce to area Medical Officer of Health (MOH).
I.4	Fully vaccinated Sri Lankan / Foreign National Seafarers / Sea marshals arriving via **seaports**	• Fully vaccinated seafarers/ sea marshals who have completed 14 days after recommended doses of vaccination **should undergo Day 1 PCR testing** at an Isolation Centre (Quarantine Centre for seafarers / sea marshals). They can be **released with a negative PCR report (or if positive with a CT value > 30)**, and do not need to undergo quarantine.

All other Seafarer / Sea marshal operations including quarantine measures for Seafarers / Sea marshals **arriving via seaports** should be done adhering to the provisions in Standard Operating Procedures issued by the Ministry of Health.

J Travellers with Positive COVID-19 test reports

J.1	• In charge officer of the Quarantine Hotel / Quarantine Centre or Hotel Doctor / Hotel Management at Safe & Secure Certified Level 1 Hotel / Isolation Centre (Quarantine facility for seafarers/ sea marshals)/ local Shipping Agents should immediately inform the details of the COVID-19 test positive person to the area Medical officer of Health (MOH) and email the details to Epidemiology Unit (chepid@sltnet.lk and samithag@hotmail.com).
J.2	• All Ministry of Health approved laboratories (Private and State sector) conducting COVID-19 tests, should inform the Positive test results with the details of the positive person immediately to Epidemiology Unit (chepid@sltnet.lk and samithag@hotmail.com) and area Medical Officer of Health.
J.3	• Sri Lankan Citizens (including Sri Lankan Seafarers / Sea marshals), Dual Citizens can be allowed to isolate at home or at an Intermediate Care Centre / designated hospital. • Resident Visa Holders can be allowed to isolate at home or at an Intermediate Care Centre managed by Private Hospital / designated Private Hospital. • Foreign National staff members of the diplomatic missions or UN Organizations / UN Specialized agencies / International Organizations with permanent offices in Sri Lanka, can be allowed to isolate at residence or at an Intermediate Care Centre managed by private hospital/ designated private hospital. • All other Foreign Nationals will be sent to an Intermediate Care center managed by private hospital/ designated private hospital.
J.4	• With the positive results, if Sri Lankan Citizens / Dual Citizens / Resident visa holders / released to isolate at home (Home Isolation), they should be transported to their homes by adhering to health measures. Travellers should contact (email / phone) the area Medical

	Officer of Health, once they arrive at home. They should be registered at home care management system in Sri Lanka by informing the area Medical Officer of Health. • If released for Home Isolation, they should stay at home / residence without leaving the premises and practice all health measures to prevent other family members at home / residence getting infected. • They have to follow the guidelines issued by Ministry of Health on Home Care Management for positive persons.

K Other Measures

K.1	In charge officer of the Quarantine Hotel / Quarantine Centre or Hotel Doctor at Safe & Secure Certified Level 1 Hotel / the staff of Airport Health Office should verify the status of vaccination of the traveller.
K.2	In charge officer of the Quarantine Hotel / Quarantine Centre or Hotel Doctor at Safe & Secure Certified Level 1 Hotel should issue a "Discharge Document" when discharging travellers who are undergoing quarantine.
K.3	If the Day 1 PCR test report is negative, Tourists arriving via Sri Lanka Tourism are allowed to move between Safe & Secure Certified Level 1 Hotels in a bio-secure travel bubble and allowed to visit approved important sites in a bio-secure travel bubble during the quarantine period.
K.4	PCR testing of the travellers after arriving in Sri Lanka should be conducted by a Ministry of Health approved laboratory (Private sector or State sector). List of approved Private Sector Laboratories is available at Ministry of Health Website http://www.health.gov.lk/moh_final/english/public/elfinder/files/library/privatelabs.pdf
K.5	**During the PCR tests of the travellers done in Sri Lanka, if the COVID-19 PCR CT value is >30**, traveller can be released without isolation.
K.6	If a COVID-19 test result of an accompanying traveller of the child is positive, exempted children will also be subjected to PCR testing subsequently.
K.7	Quarantine period of travellers will be extended, if they are identified as immediate close contacts of a COVID-19 positive person or if they arrive from high-risk countries as decided by health authorities.
K.8	Travellers who are under mandatory quarantine at a Quarantine Hotel/ Centre/ Safe & Secure Certified Level 1 Hotel/ Home / approved quarantine residence are allowed to travel to foreign countries during the quarantine period with negative COVID-19 PCR reports.
K.9	All COVID-19 PCR / Rapid Antigen test results of the travellers should be informed to area Medical Officer of Health. List of contact details of area Medical Officer of Health (MOH) is available at Ministry of Health Website (http://www.health.gov.lk/moh_final/english/news_read_more.php?id=999)

Summary on quarantine measures for travellers arriving in Sri Lanka is shown in Annex 02.

Summary on isolation for travellers who are tested positive is shown in Annex 03.

This guideline is effective for the travellers arriving in Sri Lanka from 00:00 on 28th of January 2022 and for the travellers who have already arrived in Sri Lanka.

This guideline will be revised depending on the COVID-19 situation in the country and the global situation.

Director General of Health Services as the Proper Authority for whole of Sri Lanka under the Quarantine and Prevention of Disease Ordinance No. 03 of 1897, can make directions deviating from this guideline without prior notice considering individual situations
